

# barbering

In times past it would be unusual for a man to shave himself: most men would attend the local penny barber once or twice a week while a gentleman would be shaved by his servant.

If you are looking for the finest in men's grooming, we are confident you will find Truefitt & Hill's unmatched product quality and prestigious tradition extremely compelling. For over two centuries, Truefitt & Hill have provided discerning gentlemen with only the finest in grooming products and service.

## Facial Grooming • 15 min

Regular care of the facial hair is essential to maintain a cool appearance. Beards, mo's, goatees, anchors, chin curtains let us tidy you up. We'll even include a quick facial cleanse and exfoliation. Just sit back & relax!

## Traditional Safety Shave • 30 min

Cleanse, exfoliate and shave.

## Luxury Cut Throat Shave • 60 min

Using specially made open razors with a new blade for each shave, hygiene & comfort are assured. You will be cleansed, exfoliated, wrapped in an oil infused hot towel whilst your therapist indulges you in a relaxing hand or shoulder massage, followed by an application of pre shave oil, face mask, and a head massage for the ultimate grooming experience.
